

## OUR COMMITMENT

Caring for your “loved ones” in the comfort of their home is our specialty. Each patient will receive individualized care, in an effort to restore his/her optimal health status, if at all possible.

## OUR GOALS

- To maintain an open communication with patients, patients’ responsible parties, and patients’ physicians.
- To work closely with patients’ family to maintain good health habits
- To educate patients and family members on ways to maintain optimal health
